

Name _____

Date _____

Colons

A **colon** is a punctuation mark that's used to introduce a list, separate hours and minutes, and follow the greeting in a letter.

Example:

The following people will create amaze: Ellen, Sonja, and Devin.

Write each sentence correctly, adding colons where they are needed.

1. In ancient Egypt, farmers used the following tools plows, sickles, and hoes.

2. The historical documentary airs at 745 tonight on the history channel.

3. Dear Professor Smith I am writing to request information about the conference.

4. For the science fair, we need these supplies poster boards, markers, and tape.
