Evaluate Author's Purpose

Author's purpose is the reason the author wrote the selection. Authors may write to inform, entertain, persuade readers, or to describe or express thoughts and feelings.

Read the article and answer the questions.

Save the Bees

Bees are important pollinators. They help plants grow by carrying pollen from one flower to another. Without bees, many of the fruits and vegetables we eat would disappear.

However, bee populations are declining because of habitat loss and pollution. To help save the bees, people can plant flowers, avoid using harmful pesticides, and support local beekeepers.

Together, we can protect bees and ensure they continue to help our planet.

- 1. What is the author's main purpose in this text?**
 - A. To entertain readers with a story about bees.
 - B. To inform readers about why bees are important.
 - C. To persuade readers to help save bees.

- 2. Which detail supports the author's purpose?**
 - A. Bees are important pollinators.
 - B. We can protect bees.
 - C. Both A and B.
