Evaluate Characters' Development and Roles

Analyze the Characters means to examine and understand the traits, motivations, actions, relationships, and development of characters in a story. This process involves looking closely at how a character evolves and why they make certain choices.

Use a Column Chart to list actions, words, and thoughts that help you understand Kim's motives and feelings and how they change.

A Walk Together

Kim walked quickly, eager to get home. She suddenly heard, "Wait for me, sis!" Turning around, she saw her little brother, Sam, running to catch up. She sighed, thinking, "Why does he always take so long?"

Just then, Sam stopped and pointed excitedly. "Look! A huge eagle is flying up there!" Kim looked up, smiled, and said, "Wow, that's amazing!" This time, she decided to slow down and enjoy the walk with him, wondering if they might see more birds.
