Summarize with Supporting Evidence

Summarize with Supporting Evidence is a skill where students create concise summaries by including key details that support the main idea, ensuring their summaries are accurate and based on textual evidence.

Read the text below and choose the correct answer.

Anna's Success at the Science Fair

Anna woke up early to prepare for the big science fair. She carefully packed her experiment, which showed how sunlight affects plant growth. At school, she set up her project and explained her findings to the judges with confidence. Many students admired her presentation. By the end of the day, Anna won first place and felt proud of all her hard work.

1. What is the main idea of the story?

- A. Anna packed her experiment carefully.
- B. Anna joined in the science fair and won first place.
- C. Many students admired Anna's presentation.

2. Which is least important for summarizing the story?

- A. She packed her experiment carefully.
- B. Anna woke up early to prepare for the fair.
- C. Many students admired her presentation.
