Expand Sentences with Advanced Structures

Expand Sentences is the process of adding additional information, descriptive details, or complex structures to simple sentences in order to make them richer, more engaging, and more informative.

Add appositives, participial phrases or relative clauses to the following sentences.

1. My cat sleeps all day. (Expand: Add information about the type or name of the cat.)

2. Sarah went to the museum yesterday. (Expand: Add information about Sarah.)

3. The child played in the garden. (Expand: Add an action the child was doing while playing.)

4. The bird landed on the tree. (Expand: Add a description of how the bird landed.)

5. She found a necklace. (Expand: Explain where or why she found the necklace.)
