

Name _____

Date _____

Use Transition Words to Connect Ideas

Transition words serve as bridges between ideas, guiding readers through your text and showing the logical relationships between sentences and paragraphs. They help create cohesion and clarity in writing.

Examples:

First, mix flour and eggs. Then add sugar.

Underline the only correct transition word that precisely signals the stated logical relationship.

1. She forgot her umbrella; therefore / however, she got wet.
2. Dolphins live in groups. For instance / In contrast , sharks hunt alone.
3. Tom enjoys loud music. Conversely / Therefore, his sister prefers quiet.
4. Reptiles adapt uniquely. For example / Nevertheless, snakes shed skin.
5. Maria finished her project. Conversely / Subsequently, she played outside.
6. Exercise strengthens organs. Specifically / However, it protects the heart.
7. The bridge was damaged. For example / Consequently, cars took a detour.
