## Choose the Way to Organize

The **best way to organize your writing** depends on your **topic** and **purpose**. Before you start writing, think about which type of organization will help your ideas make sense.

| Types of Organization | Details                                 |
|-----------------------|-----------------------------------------|
| Spatial               | organizes details by location or space. |
| Chronological         | organizes events in time order.         |
| Compare-Contrast      | shows similarities and differences.     |
| Persuasive            | gives reasons to convince the reader.   |
| Cause-Effect          | explains reasons and the results.       |

**Read each writing assignment. Which type of organization would you use to write the paragraph? Write it on the line.**

1. Write a paragraph comparing daily life in the early civilizations of Mesopotamia and Egypt. Describe the ways in which they were similar and different.
