

Name _____

Date _____

Simple Cause and Effect Relationship

The **cause** is the reason something happens. The **effect** is what happens because of the cause.

Example:

It starts to rain. → We take our umbrellas.

Read the passage and fill in the map.

Hi, I'm Ben. Today was not a good day. I forgot to set my clock last night, so I woke up late. Since I woke up late, I had to get ready for school real fast. I was in such a rush that I left my lunch at home. What a bad day!
