

Name _____

Date _____

Use Context to Clarify

Monitor and clarify means checking if the story or text makes sense while reading. If something is confusing, stop and fix it.

Step 1: Find something you're not sure.

Step 2: Reread, look at pictures, or connect to your life experience.

Step 3: Solve the question and keep on reading.

Read how Jack monitored, then choose the answer.

Jack read a book about plants. The book said, "Plants need nutrients to grow." Jake didn't know what "nutrients" meant. He stopped reading and thought, "What do plants need to stay healthy?" Then he looked at the next sentence: "Nutrients come from the soil and help plants grow strong." Jake thought, "Now I understand!"

1. What does "nutrients" mean?

- A. Nutrients are like food for plants.
- B. Nutrients are things plants don't need.
- C. Nutrients are harmful to plants.

2. If you were Jack, which way is not correct to clarify?

- A. Find answers in pictures.
- B. Look up the word in a dictionary.
- C. Skip the question and keep on reading.
