## Key Text and Graphic Features

**Text and graphic features** help readers understand a story or information better. Text features include things like titles, headings, bold words, and captions. Graphic features include pictures, maps, charts, and diagrams.

### Read the features and choose the answer.

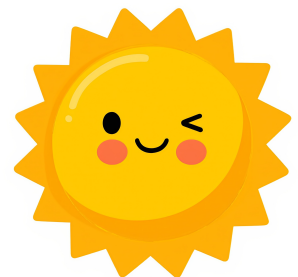

I preview a text named "The Sun." I see three headings. In one paragraph, a photo presents the sun shining over the Earth. Below it, the caption says, "The sun gives heat and light to Earth." There is also a diagram. The diagram shows the process of how plants use sunlight to grow and make food."

#### 1. What does the diagram show?

- A. How the sun shines on animals.
- B. How big the sun is.
- C. How sunlight helps plants grow.

#### 2. What's the genre of the text?

- A. A fairy tale.
- B. A science article
- C. An opinion essay.
