

Name _____

Date _____

State Main Idea and Details

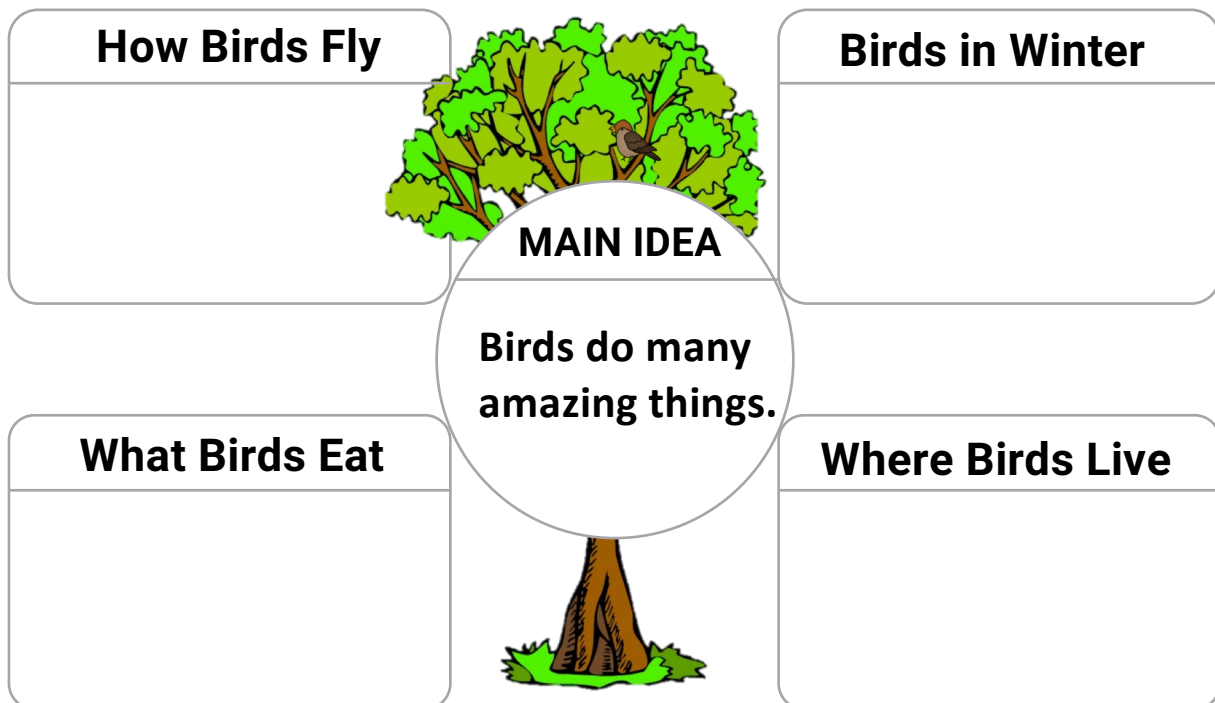

The **main idea** tells what the text is mostly about. It is the big idea of the paragraph or story. **Details** are the small pieces of information that explain or support the main idea.

Fill in the main idea and detail map.

Birds are special animals that do many amazing things.

They can fly high in the sky, using their wings to move fast or slow. Some birds fly to warm places in the winter to stay safe, while others stay in one place all year. Birds eat seeds or insects to stay strong. They build nests in trees to lay eggs and keep them safe. Birds take care of their eggs until the baby birds hatch.
