Use Venn Diagram to Compare and Contrast

When we **compare and contrast**, we find ways that two things are the same and different. The two things can be characters, events in a story, for example.

Use a Venn Diagram to compare and contrast the writer's salsa with her mom's.

When I make salsa, I use tomatoes, garlic, and a jalapeño. I chop everything into tiny pieces and squeeze in lime juice for a fresh taste. My mom makes salsa differently. She adds big chunks of onion and sweet bell peppers. Her peppers are mild, not spicy like mine! But she also uses tomatoes and garlic. I think my salsa is the best because I like spicy food, but Mom's salsa is still tasty.
