Write Longer Sentences

Good writing has sentences of different lengths. Some are short, and some are long. When we add words to a sentence, we can make it longer, smoother, and easier to understand. One way to make sentences longer is to add details about **when**, **where**, or **how** something happens.

Underline the added part in the second sentence in each group. Write the type of the added part below.

Group 1 I play soccer.
I play soccer after school.

Group 2 Mom makes pancakes.
Mom makes pancakes with chocolate chips.

Group 3 The dog sleeps.
The dog sleeps under the kitchen table.

Group 4 We ride bikes.
We ride bikes on Saturday mornings.

Group 5 My teacher reads a story.
My teacher reads a story with funny voices.
